**Narrative for Style Show.** Participants should write their own narration for the use during the Preview. The narration should be handed in with the description sheet. Try to use the "theme" in the narration if possible. *Below are a few examples from previous years:*

**Theme: "Crazy Days of Summer"**

Jessica Woyak of the 3-Hilltoppers is modeling this fluorescent colored outfit. The top is hot pink with big black buttons down the front. The shorts are multi-colored fluorescent with a drawstring waist. This would be a hot item on those crazy days of summer.

**Theme: "Hot, Hot, Neon Lights of Fashion"**

On her summer vacation, Heather Westpfahl will be wearing white neon splash printed shorts and top. This unique pullover top has short dolman sleeves with back elastic at the waistline. The pull-on shorts have elasticized waistline and side pockets. Heather's challenge in this outfit was the double rows of elastic in the back of the top. Wouldn't she be a hit on vacation?

**Theme: "A Treasure Chest Full of Fun"** (Write your narrative below)

Please note, it is encouraged, but not required, that you include the theme in your narrative. Feel free to be creative or elaborate on the theme, i.e. beach, cruise, etc.
