What does 4-H do for our communities?

- Young people learn new skills and explore new ideas.
- It promotes cooperation and group ethics.
- Clubs teach the value of community service by cleaning roadsides, visiting nursing homes, etc.
- Future community leaders receive training and practical experience.

The 4-H program depends on a three-pronged approach for success:

- △ the University Extension Service
- △ a group of faithful adult volunteers, and
- △ contributions from businesses like yours.

We want you to know how much we appreciate each and every contribution made by each business and individual to the 4-H program.

what can
green
do for you?
